

Activity Report SSEE

CEEES-45th Assembly, Brussels, February 16th & 17th, 2006

Year 2006/1

Membership February, 2006:

- Individual members: 22 (-2)
- Corporate members: 46 (-5)
- Honorary members: 2 (0)

Activities 2005/2

Membership Meeting, November 3rd, 2005

Technical Symposium: November 3rd & 4th:

"Lead-free – Business Continuity Management – Environmental Simulation – Safety against explosion accidents – cost-effective EMC"

➤ Session 1:

"Lead-free soldering":

- ☞ Bleifreie Elektronik, Wege zur Einführung (lead-free electronics, implementation)
- ☞ RoHS, WEEE, Technologische Aspekte (technological aspects)
- ☞ RoHS, WEEE, Betroffenheit, Ausnahmen Umsetzung (validity, exceptions)

➤ Session 2:

"Environmental Simulation/-Tests vs costs of warranty and Product Safety"

- ☞ Risiken bei fehlender Umweltprüfung (risks when tests are not carried out)
- ☞ Betriebsunterbruchsanalysen von Fertigungslinien (Business Continuity Management)
- ☞ EX-Schutz: Das IECEx-Verfahren im Vergleich zum ATEX-Verfahren mit Blick in die Zukunft (Safety against explosion accidents – comparison of two procedures)

➤ Session 3:

"EMC: Standards and cost-effective measurements"

- ☞ Die neue EMV- Richtlinie der EU (2004/108/EG) (new EU guidelines for EMC)
- ☞ Neue Entwicklungen und Veränderungen der EMV-Normen (new developments and adaptations of EMC Standards)
- ☞ Alternative und kostengünstige EMV-Messmethoden (alternative and cost-effective EMC measurements)

Workgroup:

The activities of the Workgroup "Transport" have been postponed to a later date.

Activities 2006/1

Membership Meeting, November 2rd, 2006

Technical Symposium: November 2rd & 3th:
Topic unknown

Workshop:

Continuation with “Environmental stress of products” in 2006.
