Umweltsimulation e.V.**

Spring Meeting Report 2010 to CEEES

The 39th Annual Technical Meeting of the GUS will take place in Stutensee near Karlsruhe, March 17 - 19, 2010.

23 contributions will be presented in four sessions (see also www.gus-ev.de):

- Environmentally Related Polymer Degradations
- New Challenges in Environmental Testing
- Technological Considerations in environmental Testing
- Solid and Liquid Particles and Media affecting product surfaces

GUS Annual General Assembly will be held in conjunction to the technical meeting on Thursday, 18th March, 2010. The GUS **Working group »Numerical Environmental Testing«** will also meet at the same occasion on March 16 – 17, 2010. The meetings of the **GUS Working Groups »ESS«** , **»Standard Interfaces for Combined Plants in Environmental Engineering«** and **»Climatic Measurements during Transportation«** are scheduled for March 17, 2010.

A booth of GUS is planned at **SENSOR & TEST 2010** Exhibition in Nuremberg, May 18 – 20, 2010.

GUS members will participate at the 41th **International Annual Conference on Energetic Materials of Fraunhofer ICT** in Karlsruhe, June 29 – July 2, 2010.

Pfinztal, February 2010

Karl-Friedrich Ziegahn
- GUS President -

Thomas Reichert
